5. (Secret - GLC) Met with George Murphy, Joint Committee on Atomic Energy staff, to cover several follow up items from his most recent review of our "Supplement to Volume III of Documentation Provided by CIA on Watergate." I showed Murphy copies of the two cables which were references in a telepouch from Headquarters to [] dated 21 June 1972 which ordered the termination of [] effective 17 June 1972. Murphy raised several curiosity questions but seemed to find nothing disturbing in these documents. He said he would report to Senator Howard Baker and he doubted that the Senator would want to see them himself. I also covered several other questions which Murphy raised in my previous session with him to his apparent satisfaction.

6. (Unclassified - GLC) Left with Representative Ralph S. Regula's office six copies of the CIA pamphlet and a copy of the unclassified Agency publication on the People's Republic of China International Trade (A-73-29). Regula's office will send this material to him along with a note from me inviting him to speak to the Advanced Intelligence Seminar on 23 January 1974.

7. (Confidential - GLC) Received a call from Paul Haygood, in the office of Senator J. Bennett Johnston. Haygood is presently in Louisiana but was following up on our conversation of last Friday about the situation in the Middle East. I told him I had checked with [] OCI, who feels that if the Senator proposes to go to the Middle East now is as good a time as any to make the trip, recognizing that there is always the possibility of a flare up in that area. Haygood said the Senator will be in town Sunday afternoon and expects to depart Sunday night with Haygood and Charles McBride, of the staff. He asked us to get in touch with him in case there were any developments which we felt the Senator should know about prior to his departure.

8. (Secret - LLM) Met with Bill Jones, Staff Director, House Subcommittee on Government Activities, to close out the follow-up items of Mr. Warner's meeting with William H. Copenhaver, Professional Staff Member, House Government Operations, on 14 December. Copenhaver was not available but Jones said he believed he had all that he needed and whether there was any further move from their side would depend on Chairman Brooks, Subcommittee on Government Activities, House Government Operations Committee, who would not be available until 3 January. (See Memorandum for the Record, 26 December 1973)
